- 1) The source of all information in this section of the Neighbourhood Profiles is from Statistics Canada, Census of Population.
- 2) To ensure confidentiality, Statistics Canada has rounded the values of the data either up or down to a multiple of 5 or 10.
- 3) The percentages in some of the tables and figures have been rounded and may not add to 100%.
- 4) All of the figures except the total population and the breakdown by age and sex are based on the population living in private dwellings, that is, not in collective dwellings. Collective dwellings include rooming houses, hotels, motels, nursing homes, hospitals, staff residences, group homes, and corrections facilities.
