

# Construction Noise Permit Application

## Part 7 of the Regina Noise Bylaw No: 6980

Unless a permit is first obtained, no person shall:

- carry on construction of any type of structure which involves hammering, sawing or the use of any mechanical tools or equipment capable of creating a sound which may be heard beyond the boundaries of the site on which the activity is being carried, or
- operate or allow to be operated a riveting machine, concrete mixer, gravel crusher, a steam shovel, trenching machine, drag line, air or steam compressor, jack-hammer or pneumatic drill, tractor or bull-dozer, or any other tool, device or machine of a noisy nature, so as to create a noise, confusion, or disturbance to be heard in a residential building between the hours of ten o'clock in the evening (10 p.m.) and seven o'clock in the morning (7 a.m.) of the next day.

**\*Buildings located in Industrial Zone as indicated in the Zoning Bylaw No: 2019-19 are exempt.**

**Building Address:** \_\_\_\_\_

### Applicant Information:

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone: \_\_\_\_\_ Email Address: \_\_\_\_\_

### Description of work:

(describe the tools and process that will be exceeding the noise levels of Bylaw No: 6980)

### Why noise exception needed:

(why the work cannot be completed within the permitted hours and what is being done to mitigate noise levels)

It is the contractor's responsibility to warn all adjacent residential areas that may be affected by the noise before the work starts. The extent of the permit may be altered or revoked if complaints are received.
